

RoyalGREEN™

MICRONUTRIENTS & BIOSTIMULANTS

Z-PIVOT

The Z-PIVOT family of products from PLATTE - Peak Crop Performance™ are foliar nutritional formulations designed to be applied through irrigation systems. The use rate for each product is 10 gals per acre to be conveniently added to the PIVOT tank. Every product in the Z-PIVOT family contains non-plant food ingredients—humic substances derived from leonardite.

USE RATE: 10 GAL/ACRE
